WHY?

Honouring the Sunnah, Feeding the Ummah

Eid al-Adha stands as one of the most profound moments in our faith through which we honour the unwavering devotion of Prophet Ibrahim (عَلَيْهِ السَّلَامُ)

It's a beautiful time of year wherein we can reflect on what we have and share what we can.

Last year, your Qurbani was so much more than the fulfilment of a religious obligation. In a world often shadowed by adversity, your compassion acted as a radiant source of light. You didn't just provide a meal; you restored dignity to parents struggling to feed their children and brought the joy of Eid to communities that have faced unimaginable hardships. Because of your support, thousands of families felt the warmth and resilience of a global Ummah that stands with them.

We are deeply humbled and grateful for your continued trust in our mission.

What We Achieved Together

Through your incredible devotion and the blessings of Qurbani 2025, we've been able to reach deep into the heart of the Ummah. These numbers represent more than just aid as they represent the smiles, the dignity, and the relief you brought to families going through unimaginable hardships.
